

Hog Leg® Wall Brace System

Features

- Engineered wall brace system
- Easy way to brace masonry walls
- Galvanized or painted pipe available
- Works for any type of block
- Adjusts to any wall height
- Fastens through head joints (no cutting of block required or anchor bolts to purchase)
- Makes your jobsite safer and more productive
- Includes convenient lockable storage rack to store all materials; fits in 8 ft. (2.438 m) bed; avoids theft
- Reduces labor with lightweight parts - heaviest pipe weighs 38 lb. (17 kg)
- Fork pockets accessible on all four sides
- Total weight 3790 lb. (1719 kg)
- Container dimensions (L x W x H) 89" x 43" x 26"

Rick Swanson, Swanson Masonry

"Hog Legs are the easiest wall bracing system out on the market. We have braced everything from 12' high to 78" high walls and have had absolutely zero problems. This system is so easy to use."

Who We Are

For close to 20 years, we have honed our precision metal fabrication services. With roots in the contracting industry, CEO Damian Lang started the EZ Grout equipment line to improve the efficiency on his own masonry job sites. EZG Manufacturing has grown from the EZ Grout equipment line to specializing in the fabrication of precast, refractory, masonry/construction, compaction, concrete, and fencing equipment. We also have our custom fabrication and design shop to meet all of your custom needs.

Same brackets attach at anchor location

Installs easily through head joint

Hog Leg without kicker

Hog Leg with kicker
